Multisig Backup Record

Key A

2-of-3 multisig | One key per sheet | YOUR BITCOIN. YOUR KEYS.

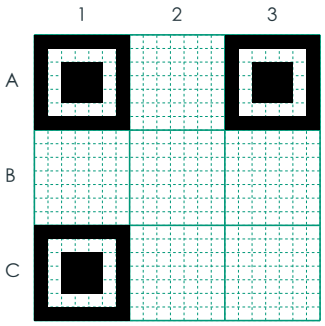
Wallet name	
Hardware wallet / model	
Master fingerprint (8 hex digits)	
Multisig derivation path	
Network / script type	
Seed phrase length	☐ 12 words ☐ 18 words ☐ 24 words
Passphrase status	☐ Not set ☐ Set (back up separately)
Recorded / verified on	

Seed words (in device display order)

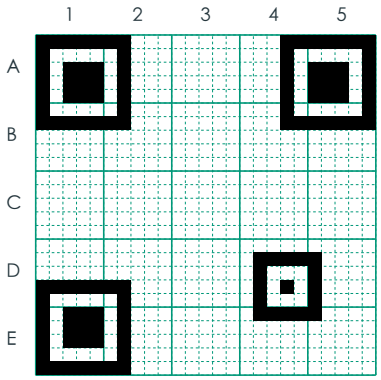
01		13	
02		14	
03		15	
04		16	
05		17	
06		18	
07		19	
08		20	
09		21	
10		22	
11		23	
12		24	

CompactSeedQR templates

12 words / 21 x 21



24 words / 25 x 25



Not for 18-word seed phrases.

Verify: ☐ Backup checked on device ☐ Fingerprint matches ☐ SeedQR restore verified

Copy the actual path from your device / Sparrow. A fingerprint cannot replace a seed backup.

SECRET: No photos, uploads, or online scans. Store key A, B and C backups separately.

Also back up the multisig wallet configuration / descriptor for wallet recovery.

Multisig Backup Record
